

CP1265 Attachment C – Proposed Changes to CVA Data Catalogue v17.0

1 PURPOSE AND SCOPE

1.1 Purpose of this document

This document, the CVA Data Catalogue contains information relating to all the communication interfaces between CVA BSC Agents or the Transmission Company and BSC Parties and Party Agents.

This document specifies, where appropriate, references to relevant sections of the Logica and EPFAL IDD Part 1 documents. The Logica and EPFAL IDD Part 1 documents contain information on data items and file formats, the participants involved in exchange of each file, and references to the owner of each file and its associated network (where this detailed information is not available in the Logica and EPFAL IDD Part 1 documents, it will be included in this document). It provides a consolidated repository of NGC EDT/EDL specs.

This document is a Code Subsidiary Document and its purpose is to form the Data File Catalogue for all CVA communications, as set out in the BSC Section O.

1.2 Scope of the CVA Data Catalogue

The CVA Data Catalogue includes all data interfaces between CVA BSC Agents (SAA, CRA, BMRA, ~~FAA~~, ECVAA, CDCA, FAA) or the Transmission Company and Parties or Party Agents. It does not include SVAA interfaces, which are specified in the SVA Data Catalogue, and it does not include communications between central service providers.

Because of the different nature of the Transmission Company's EDL interface this has been excluded from the Data Dictionary and included as a separate Annex C.

2 REFERENCE DOCUMENTS

The following documents are referenced by the CVA Data Catalogue.

2.1 SAA, CRA, BMRA, ~~FAA~~, ECVAA and CDCA Interfaces

Logica Interface Definition and Design Document (Part 1).

Logica Interface Definition and Design Spreadsheet (Part 1).

2.2 Transmission Company Interfaces

EDT Interface Specification

EDL Interface Specification

2.3 FAA Interfaces

EPFAL Interface Definition and Design (Part 1).

3 INTERFACE SPECIFICATIONS

[NO CHANGE PROPOSED TO THIS SECTION]

4 DATA FILE DESCRIPTION STANDARDS
