Change Proposal – F40/01	CP No: 989
	Version No: 1.0

Title *(mandatory by originator)*

Revision to BSCP14 to bring it in line with the BSC and to ensure the ability to provide data for Manifest Error claim in full under all situations.

Description of Problem/Issue *(mandatory by originator)*

1. Section Q 7.2.2 of the Balancing and Settlement Code (BSC) was modified in line with BSC Modification Proposal P73. This stipulated that a Bid/Offer Acceptance (BOA) number should be included in addition to the other required data when submitting a Manifest Error Claim.

2. Referring to section Q 7.2.2 (b) (ii) specifically, the specification of BOA detail when the BOA number is not available can not be done on the standard Transmission Company Manifest Error Claim Form (BSCP14 Form F14/02).

Proposed Solution(s) (*mandatory by originator)*

1. The text in section 1.6 and 4.11 of BSCP14 should be modified to reflect the changes made to the BSC section Q 7.2.2.

2. Add an additional table alongside 'Claim Details:' in the Transmission Company Manifest Error Claim Form (Form F14/02) and also in the Notification of Receipt of Manifest Error Claim Form by the DA (Form F14/03). The additional table should be titled Bid-Offer Acceptance Volume (complete only if BOA No. unavailable). The table will have four columns headed: From MW, From Time, To MW and To Time and at least four rows for specifying BOA points.

Justification for Change *(mandatory by originator)*

1. The implementation of BSC Modification Proposal P73 justifies change to sections 1.6 and 4.11 of BSCP14.

2. To enable the data required by the Disputes Administrator for a Manifest Error to be submitted in full and within the target time of 4 hours under all situations.
