

<b>Change Proposal – BSCP40/01</b>	<b>CP No: 1155</b> <b>Version No: 1.0</b>
<b>Title</b> <i>(mandatory by originator)</i> UMS-related Data Flows in the SVA Data Catalogue	
<b>Description of Problem/Issue</b> <i>(mandatory by originator)</i>  A number of the entries for Unmetered Supplies-related manual data flows ('P-flows') in the SVA Data Catalogue do not accurately reflect the sending and receipt of the flows as described in BSCP520 'Unmetered Supplies Registered in SMRS'. As P-flows flows do not use the Data Transfer Network these inaccuracies do not have any implications on participant systems; however they can cause confusion as to how the flows are intended to be used.	
<b>Proposed Solution(s)</b> <i>(mandatory by originator)</i>  The description of the flow instances ('Source Document', 'From', 'To' and 'Comment' fields) in the SVA Data Catalogue should be amended as shown in Attachment A. Note that no changes are proposed to the data contained within any of the flows.	
<b>Justification for Change</b> <i>(mandatory by originator)</i>  ELEXON has received a number of queries from participants on the information contained in the SVA Data Catalogue, and inconsistencies have also been highlighted by the BSC Auditor. The proposed changes support the ongoing work by ELEXON to improve industry understanding of Unmetered Supplies and to formalise the processes associated with them. Many of the information flows used in these processes are manual and so it is important that they are documented accurately and consistently.  In the interim, participants have been advised to refer to BSCP520 for a definitive explanation of how the flows should be used.	
<b>Is the Change being proposed a Housekeeping Change?</b> <i>(optional by originator)</i>  No <sup>1</sup>	
<b>Configurable Items Potentially Affected by Proposed Solution(s)</b> <i>(optional by originator)</i>  SVA Data Catalogue Volume 1	
<b>Impact on Core Industry Documents or System Operator-Transmission Owner Code</b> <i>(optional by originator)</i>  None	

<sup>1</sup> The relevant Panel Committee will decide whether a Change Proposal can be progressed as a Housekeeping Change Proposal.
