

CP1254 REDLINE CHANGES TO PSL100 VS 1.0: SECTION 5.5.2 – SEE BELOW:

SECTIONS 1– 4 WILL NOT BE IMPACTED BY CP1254

Interface Controls

5.5.1 The Market Participant will put controls in place to ensure input, processing, output and communications to other Market Participants are valid and may include the use of software validation checks and exception reporting to identify problems. Controls should include procedures to ensure that data is:

- complete;
- accurate; and
- authorised.

5.5.2 The Market Participant shall put adequate controls in place, relating to their methods of communication with Metering Systems, in order to ensure that data relating to Settlement is not changed through malicious activity.

SECTIONS 6 – 10 WILL NOT BE IMPACTED BY CP1254
