<b>Change Proposal – F40/01</b>	CP No: 944  Version No: 1.0	
<b>Title</b> ( <i>mandatory by originator</i> ) Interconnector Administrator Data Flows		
<b>Description of Problem/Issue</b> ( <i>mandatory by originator</i> )		
<p>The Interconnector Administrator (IA) is required under the BSC to submit a file of Deemed Metered Volumes within 2 working days of the Settlement Day for the Interconnector concerned. This requires the IA to have the necessary Interconnector BM Unit Registration details.</p> <p>Currently there is no provision within the IDD to provide the IA with this BM Unit Registration data and therefore the IA currently relies upon the party registering the BM Units to provide the necessary information.</p> <p>To enable the Interconnector Administrator to fulfil its role it is important that formal notification of Interconnector BM Unit registration is provided via a specific data flow from the Central Registration Agent (CRA).</p> <p>This Change Proposal seeks to address this issue by requesting a separate data flow to be provided to the IA from the CRA.</p>		
<b>Proposed Solution(s)</b> ( <i>mandatory by originator</i> )
