

Change Proposal – F40/01	CP No: 1010 Version No: 2.0
Title <i>(mandatory by originator)</i> Incorrect footnote reference in section 3.3.10.2 of BSCP504 'Non Half Hourly Data Collection for SVA Metering Systems Registered in SMRS'	
Description of Problem/ Issue <i>(mandatory by originator)</i> The last clause of section 3.3.10.2 (Changes to SVA Metering System Standing Data) of BSCP504 v8.0 relates to a change of Profile Class where no reading has been obtained, and states that: - "If no meter reading required, confirm the effective date of the Profile Class change". This is to be effected by a D0010 "Meter Readings" flow from the NHH Data Collector to the Supplier. There is a cross-reference in this clause to footnote 69, which is incorrect. The clause should instead reference footnote 68: 'The NHHDC will indicate there has been a change of Profile Class by sending a D0010 Meter Readings to the Supplier...' etc. A CP should therefore be raised to correct the reference. There are also two typographical errors in footnote 68 which should be corrected at the same time - 'a D0010 Meter Readings' should be singular rather than plural (as in red above) and the double-space after 'flow' in 'the NHHDC will confirm that the flow <u>is</u> a Profile Class change flow'.	
Proposed Solution(s) <i>(mandatory by originator)</i> Change reference in last clause of section 3.3.10.2 from footnote 69 to footnote 68, and correct typographical errors in footnote 68.	
Justification for Change <i>(mandatory by originator)</i> Originally raised as a Help Desk call (ref. PMR 29473) by SD Partners, on behalf of IMServ NHH Data Collector, against version 4.0 of BSCP504.
