## Detailed Impact Assessment Responses CP1393

Organisation	Responses/Comments
British Gas	<p><b>How is your organisation impacted?</b> – Minimal impact</p> <p><b>What are the associated costs on your organisation to implement the change?</b> – Minimal</p> <p><b>Agree with the implementation approach? If not, why?</b> – Yes</p> <p><b>Any other comments?</b> No comments</p>
BGlobal Metering Limited	<p><b>Agree with the implementation approach? If not, why?</b> – Neutral</p> <p><b>Any other comments?</b> No comments.</p>
EDF Energy	<p><b>Agree with the implementation approach? If not, why?</b> – Yes</p> <p><b>Any other comments?</b> Agree because it brings BSCP27 into line with current working practices. Not impacted as the change reflects current working practices.</p>
Electricity North West Limited	<p><b>Agree with the implementation approach? If not, why?</b> – Neutral</p> <p><b>Any other comments?</b> No comments.</p>
Npower	<p><b>Agree with the implementation approach? If not, why?</b> – The CP represents a more tidy and succinct description of what actually goes on to provide a Consumption Data Comparison Check (CDCC) during a TAA audit.</p> <p><b>Any other comments?</b> No comments.</p>
ScottishPower	<p><b>How is your organisation impacted?</b> – HHDC provides D0268 information and HH data as requested by TAA</p> <p><b>What are the associated costs on your organisation to implement the change?</b> – No associated costs</p>

	<p><b>Agree with the implementation approach? If not, why?</b> – Yes</p> <p><b>Any other comments?</b> Agree with change because this places onus on the relevant agent to resolve issues within a timely manner. Will a warning be issued to the agent prior to a non-compliance event being raised? At what point will an agent be considered to be not complying, i.e. how long after the initial request is made?</p>
SSE	<p><b>How is your organisation impacted?</b> – Minimal impact</p> <p><b>What are the associated costs on your organisation to implement the change?</b> – No comment</p> <p><b>Agree with the implementation approach? If not, why?</b> – Yes, gives visibility of the TAA checks.</p> <p><b>Any other comments?</b> The CP gives clarity in the description of the CDC check</p>
TMA Data Management Ltd	<p><b>Agree with the implementation approach? If not, why?</b> – Yes</p> <p><b>Any other comments?</b> We fully support the fact that the option to obtain the data remotely is kept.</p>
Western Power Distribution	<p><b>Agree with the implementation approach? If not, why?</b> – N/A</p> <p><b>Any other comments?</b> Agree the BSCP should align with what is happening.</p>

### Summary of Comments on BSCP redlining

Organisation	Document name & location	Comment	ELEXON's recommendation
TMA Data Management Ltd	BSCP27 section 4.1.5 point 3	Suggest the addition of a comma: Using the Meter Register Multiplier, calculate the true Meter register half hour advance for that half hour period.	ELEXON agreed that this change was sensible and has amended the redlined text to reflect the change.
