

Technical Assurance of Metering Authorisations

The Balancing and Settlement Code (BSC) requires the Registrant of the Metering System to provide the Technical Assurance Agent (TAA) with access to the Metering System so that it can carry out a TAA Inspection. The Registrant may not necessarily be the Equipment Owner for all or part of the Metering System, where this is the network operator (Distribution or Transmission company), authorisation is required from them (for the TAA) to carry out inspections on the network operator's assets.

Each network operator has different requirements before they grant authorisation to the individual inspector. Most require completion of some form of Health and Safety training course provided by the network operator, in addition to holding a current first aid certificate. Others provide authorisation based on the condition that a suitably authorised MOA accompanies the inspector on-site.

The table below shows the organisations where the identified TAA Inspector has been provided with the relevant authorisation in order to undertake the necessary work associated with the Technical Assurance of Metering.

LDSO MPID	Organisation	Tony Dunne	Paul Gregory	Gary Jones	Bill McFarlane	Keith Thompson
NEEB	CE Electric	P	P	P	P	P
YELG	CE Electric	P	P	P	P	P
EMEB	Central Networks	P	P		P	P
MIDE	Central Networks	P	P		P	P
EELC	UK Power Networks	P	P	P	P	P
LOND	UK Power Networks	P	P	P	P	P
SEEB	UK Power Networks	P	P	P	P	P
MANW	Scottish Power	P	P		P	P
SPOW	Scottish Power	P	P		P	P
SWAE	Western Power	P	P		P	P
SWEB	Western Power	P	P		P	P
SOUT	SSE	P	P		P	P
HYDE	SSE	P	P		P	P
NORW	ENWL	P	P		P	P
	National Grid	P	P		P	P
EUSR	BESC	P	P	P	P	P

IDNO MPID	Organisation	Tony Dunne	Paul Gregory	Gary Jones	Bill McFarlane	Keith Thompson
LENG	ESP Electricity	P	P	P	P	P
