What is the purpose of this Circular?

This Release Circular gives notification of the scope of the November 2019 BSC Systems Release ('November 2019 Release'). Please refer to [November 2019 Release page](#) of the ELEXON website for further details.

What is included in the November 2019 Release?

The November 2019 Release includes two approved Modification and one pending Modification. All Modifications will become effective on **7 November 2019**.

Change Ref	Title
P386	Corrections to P344 legal text
387	Allowing email communications for the BSC Panel Elections process
P389	Resolution of Capacity Market and Balancing Mechanism registration conflicts

Who will the November 2019 Release impact?

- **P386** will correct the errors in the P344 legal text as well as provide clarification when the WA and TERRE product goes live, and all BSC obligations become active. This modification does not impact any BSC Party or Party Agents. There is no impact on BSC System.
- **P387** will amend the Balancing and Settlement Code (BSC) Panel Elections process to allow communications between parties via email as well as other methods to be approved by the BSC Panel on a case-by-case basis. This modification does not impact any BSC Party or Party Agents. There is no impact on BSC Systems
- When approved, **P389** will delete BSC Section K3.1.8 (b). This will remove conflict and ambiguity between the BSC and Capacity Market rules without affecting either. This modification will impact **Capacity Market Participants (Capacity Providers)** and **Suppliers**
